

Present:

Beech: James M and Darcie

Holly: Gabriella and Alice

Hazel: Jasmine Ted (deputy)

Willow: Riley and Lily

Sycamore: Jacob and Clare

Oak: Poppy and Katie

Everybody introduced themselves and then discussed what we would like to achieve this year in Eco-council.

This year we would like to achieve:

- Clean and clear the pond – winter
- Put more animal/mini beast houses around the grounds
- Put in a few water butts
- Grow more fruit and veg
- Have 'No Lights On' day each week or month or half term
- Increase sustainability in school travel – encourage lift shares, use of scooters and bikes
- Have litter picks – inside and outside school grounds
- Get more chickens or other animals
- Plant more trees
- Extra things for Forest School
- Separate bin outside for KS1 left over fruit to give to the hens

We will be getting three more hens and we can have another naming competition.

Mrs Poole to sort out a feeding rota for the hens – we will start Tuesday 4th October. Mrs Poole to show how to feed the hens. Katie has asked for left over vegetables and fruit to be given to the hens.

Katie, Poppy, Clare and Jacob to write a list of fruit and vegetables that the hens can eat and give to the kitchen and staff room.

Mrs Poole to sort out extra bin for KS1 left over fruit

Katie, Poppy, Clare and Jacob to research animal homes to put in the school grounds. Katie and her Dad sometimes make animal homes and she can bring them in.
