

Eco Council Meeting

12.10.22

Present:

Beech: James M and Darcie

Holly: Gabriella and Alice

Hazel: Jasmine and George

Willow: Lily

Sycamore: Jacob and Clare

Oak: Poppy and Katie

What we have achieved since the last meeting:

- Poppy and Katie have nearly finished the information poster about what to give the hens to eat
- We have three new hens
- We are running a hen naming competition on Friday (14th) – posters to be given to each class
- Everyone was shown how to care for the hens – food quantities and water as well as how to collect the eggs

We are looking forward to seeing what names the children pick for the new hens.
