

Together for a
better internet

Safer Internet Day 2024 is on the 6th of February

Computing Homework

Safer Internet Day takes place in February of each year to raise awareness of a safer and better internet for all, and especially for children and young people. We'd like you to get creative and produce a piece of work to help highlight 'staying safe online'. What does staying safe online look like? What should you do if you see something that makes you feel uncomfortable whilst online? You could produce a clear statement, a poster, informative leaflet etc. Get creative!

Your ideas will help others to stay safe online too. Some of the work produced will be displayed in the Computer Suite.

Your homework is due by 23rd February 2024
